Harbour  
Specification  
Sheet.

---

Harbour pods are private areas for busy focus periods at the office.

Harbour is a fully modular system which provides a flexible solution for open office zones and can be easily reconfigured into multiple scenarios.

Harbour pods are available as single workspaces or as multiple units. This is possible with a variety of configurations; back-to-back, angled adjacently or side by side.

Harbour can be erected, plugged in and relocated, without the need for complex or lengthy installation.

Harbour incorporates soft wiring reticulated within the panelling and can be used for phone booths.

Accessories including shelves, table lamps and coat hooks are available as extras to increase the Harbour pod functionality.

# Aspect Design.

**As furniture designers, our user-centric approach places people at the heart of every decision we make.**

Applying 40+ years' of experience and craftsmanship, we create furniture to inspire and support people in their work every day. Manufacturing locally, and with full in-house design capability, we collaborate with interior designers, architects and clients to tailor-make environments.

We're here to support you in creating workplaces that encourage productivity, creativity and collaboration. High-performing spaces where high-performing people are empowered to do their best work.
