811
Specification
Sheet.

A distinctive, yet timeless style that will form the heart of your relaxation space.

The comprehensive product family based on Josef Hoffmann's design of the A811 chair and armchair. The models incorporate Art Nouveau elements adapted into the shapes of manual bentwood technology, which can be combined with upholstery or weaves in the seat or backrest.

The collection is further expanded to include the barstool and lounge armchair both with and without armrests, creating a comprehensive take on the 811 for different types of interior.
